Mr. Bryan.

Evening Star Bureau, No. 121 North Washington st., Telephone 116. Alexandria, Va., March 26, 1897. The big meeting of Alexandria Council Junior Order United American Mechanics, last night was a great success. There was a large delegation present from each of the Alexandria councils. Promptly at 7 o'clock the meeting convened for the transaction of routine business. Two new members were elected to Alexandria Council The routine business having been disposed of the delegations marched to the Wash-

ington street station of the electric road

to meet the visiting delegations from

Washington.

The visitors arrived on time, and headed by the Third Regiment Drum Corps marched to Odd Fellows' Hall, on North Columbus street, where the formal welcome was extended. After the proceeding had been disposed of, arrangements were made for the initiation of a candidate into the secrets and fellowship of the order. The degree team, composed of the following well-known gentlemen, then took charge of the candidate: Councilor, James R. Mansfield; vice councilor, W. H. Lyles, junior past councilor, C. H. Pickens; captain, I. H. Harper; sergeant, E. B. Byrnes, and Messrs. W. N. Smith, D. D. De Vaughn, W. D. Zimmerman, jr., J. F. Peverill, E. B. Butts and W. C. Chauncey. The team of the council take much pride in the work, and are constantly adding new features. The work being completed, speechmaking, recitations and music were next in order on the program. Among those heard from were: W. S. Linton, National Representative T. S. Surgeon, State Gouncilor T. P. Moore, State Vice Councilor A. E. Gorham and Messrs. Dickman, Pope and Carver of Washington.

After the ceremonies a sumptuous repast, which had been prepared by the Daughters of America, was served. Covers were laid for 400. A number of interesting toasts were responded to, and all around the board made merry for several hours. Among the Washingtonians present were Thomas P. Moore, senior councillor; A. A. Gorham, senior-vice councillor; S. M. Dixon, trustee; T. S. Surgeon, national representative; D. Goldsmith, P.C.; Geo. Heishly, H. W. Holt, W. J. Fairall, W. S. Mann, A. L. Donaldson, M. A. Butler, W. W. Beattie, G. B. Ames, J. E. Crampton, J. K. Johnson, C. W. Magill, C. L. Tucker, A. M. Vaux, J. R. Thompson, William Walker, W. S. Savage, Jas. S. Espey, S. W. Deckerman, F. J. Gregory, F. N. Troll, A. W. Lucas, J. E. Bronwell, E. A. Reid, W. S. Linton and others.

The visitors returned to Washington on a late train, expressing themselves as more than pleased with their visit.

WIII Welcome Bryan.

Mr. William Jennings Bryan of Nebraska had been disposed of, arrangements were made for the initiation of a candidate into

Will Welcome Bryan. Mr. William Jennings Bryan of Nebraska has, through Mr. M. B. Harlow, president of the late Bryan, Sewall and Rixey Club, promised the citizens of Alexandria that he will pay them a visit in April, when Le comes on to Washington to attend the big tanquet. Mr. Bryan has a large number of admirers in this city, who will give him

a hearty welcome. Sandy Jones Brought Home. Sandy Jones, the colored huckster, who was injured by train No. 32 of the Pennsylvania railroad near St. Asaph Junction yesterday morning, an account of which appeared in The Star, was brought to his home in this city yesterday afternoon. Dr. Wm. M. Smith, the Pennsylvaria com-pany's surgeon at Alexandria, is giving Jones medical attention.

Mystic Shriners. A number of Alexandria members of Acca Temple, Mystic Shrine, of Richmond, went to that city last night to see Judge Tebbs and ex-Judge McCabe and others of ourg take the Shrine degrees. There

are now twenty-five or thirty Shriners in Alexandria, and it is said that a temple will be organized in this city shortly. Court of Appeals Decision. The court of appeals has affirmed the decision of the corporation court of this city in the case of the Haskin Wood Vulcanizing Company against the Cleveland Shipbuilding Company. The decision was in favor of the latter company. In the case of W. H. Lacey against the Washington Southern Railway Company for \$15,000 damages, the decision in the circuit court which gave Lacey \$2,500 was reversed.

Police Court. In the police court this morning the following cases were disposed of: Samuel Downey, charged with assaulting and beat-ing Harry Quackenbush; fined \$5. William Pern, charged with nuisance on property and defacing property; ordered to make

repairs. Took the Examination. Captain Albert Bryan and First Lieutenant Leonard Marbury of the Alexandria

Light Infantry went to Richmond yester-day and took their examinations for pro-motions before the board of examiners and passed successfully. Second Lieu-tenant Atkinson will take his examination shortly. The officers will at once make appointments to fill the vacancies now ex-isting in the non-commissioned officers. General and Personal Notes.

Mr. G. Dennis Johnson will, it is said, be a candidate for corporation attorney. The alarm of fire late yesterday evening was caused by the partial burning of the roofing of Mrs. Annie E. Knight's house on South Fairfax street.

R. T. Phillips, the Alexandria photographer, took the gold medal at the photographers' convention in Richmond for 11x14 work in class B. Owing to the illness of Rev. Berryman Green, the rector, there were no services at Christ Church last night. Mr. A. W. Armstrong, special commis-sioner, has sold to Mrs. Annie E. Knight house and lot on the west side of Gibbon street between Lee and Union streets for

A Protest.

Mr. Arthur Cowsill and a number of other residents of Northeast Washington have sent a letter to the District Commissioners on grievances of that part of the city, which is as follows: "We protest against the dumping of clay on 7th street northeast to level up the hollow places in roadway, in lieu of gravel or macadam, as in wet weather it will be impossible to drive on account of the mud, and in dry weather we cannot open our windows to enjoy the fresh air, on account of dust and dirt blowing in blowing in.

"We have spent in the neighborhood of \$120,000 to improve and beautify this sec-

tion, and as taxpayers, insist on the removal of clay and the non-payment of such abominable work, which would not be countenanced in Africa or No Man's Land, and is a disgrace and imposition on the

Is a Fraud. The spring beat in the shape of a young

colored woman is making the rounds of West End houses endeavoring to enlist the aid of the charitably disposed. She has a story with enough misery and trouble in it to move the hardest-hearted. It is to the effect that she is the eldest of eleven children, whose mother was burned to death and whose charred remains now await burial. The father of these unfortunates has long since deserted them, and since

has long since deserted them, and since the burning of the poor old shanty where their mother lost her life they have no refuge but the woods near by them.

The "lady next door," whose name is always mentioned, has contributed one dollar, and a well-known florist has helped along with two dollars. When confronted with any inconsistencies in her story, this fraud with the Munchausen faculty denies any parts of her story which may not fit. So far she has made rather a decent income—judging from the experiences of those who have helped her without making inquiry from their neighbors. "Want" ads. in The Star pay because they
